This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will ask NQTs and RQT to work closely with those experienced in marking for the exam board in order to broaden their knowledge and understanding of assessment*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the [Ofqual Head of Centre guidance on recommended evidence](#), and further guidance provided by awarding organisations.*
- *Where possible, candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests and exams taken by pupils over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*
- *We will use attainment records to look at performance over the whole course.*
- *We will use common assessments, exams, informal tasks and formal assessment data over the course of the study.*
- *We will use part of our MPTA grade school reporting system, over two (three where GCSE courses started in Year 9) years of work looking at the holistic attainment picture.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

- *Where appropriate, we will use additional assessment materials to give students the opportunity to show what they know, understand or can do in a range of content that has been taught. This will include both work previously tested and new content that has not yet been assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete where possible.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. This will be under the control/context column.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- *We will consider what we have taught - what content have we taught in depth or lightly.*
- *We will collect the evidence using informal tasks and formal assessments - evidence should be consistent across class/cohort where possible. This should reflect student performance and assessment objectives across as much of the specification as we can.*
- *We will make a holistic judgement based on all the evidence available.*
- *We will use the exam board grade descriptors in determining a grade.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *The school will produce the Assessment Record for each subject cohort. Any necessary variations for individual students will also be noted.*

*At OHGS, we are guided by the following principles across all subjects:*

*Every student will have a grade issued in every subject that has been deduced from a number of sources:*

- *Examination materials provided by the examination boards used in both formal and informal settings to form a basket of evidence\*.*
- *Formal assessments\*\**
- *October Assessments – although the context of these will be considered as we experienced a high self isolation period here.*
- *Common assessment data and Interim Report data*
- *MPTA grades over two (three where applicable) years of work looking at the holistic picture.*
- *NEA or similar controlled assessment sources (based on exam content)*
- *Online learning platforms*
- *In-class tests and assessments*
- *Class and homework that clearly evidences examination criterion*
- *Assessment materials to be based on the work they have covered only*
- *Report attainment grades over the whole period of the course.*
- *Grade distribution profiling to be used to gauge reasonableness and highlight erroneous data.*
- *Standardisation and Moderation between teachers in each department to take place (further details of this process can be found in the internal quality assurance section).*

*\* In the period after the Easter holiday, students will complete informal tasks, where possible with whole cohorts in order to gather evidence for the Basket of Evidence. Over a four week period, we will teach a series of lessons, recapping on content taught, and carry out informal tasks – these can be common to the whole cohort where possible. We will set aside an allocated time slot where pupils can complete the identified tasks in line with a sequenced plan, an example of this would be exam style questions linked to the recapped learning. This will happen in the classroom with the class teacher and will build additional evidence of what the pupil is capable of. This work should help prepare the students for their formal assessment period where appropriate, but is not limited to this.*

*\*\* During a two week formal assessment period, tests will be marked and the results will be entered onto the school MIS. The grade boundaries will then be determined for each subject by the centre. Grades will not be issued.*

*The collective work built up over time would then inform the teacher which then leads to final grade allocation.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades overseen by the Head of Centre.*
- *Scripts for formal assessments will be anonymised using candidate numbers, thus reducing confirmation bias.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre. In the first instance, this will be with members of SSMT.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

All staff involved in the process of determining and awarding Teacher Assessed Grades will read and attend training on 'OHGS Standardisation and Moderation Internal QA Process'.

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, will address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will include grades from international GCSEs where we have previously offered these.*
- *We will bring together other data sources (including baseline data) that will help to quality assure the grades we intend to award in 2021.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects that we no longer offer from the historical data.*
- *In undertaking the review of cohort grades in conjunction with our centre results profiles from previous examined years, the grades determined by our centre for Private Candidates will be excluded from our analysis.*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Departments will make every reasonable effort to ensure that students who are entitled to extra time or other access arrangements will be able to use these for both informal and formal assessment activities.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence will be obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders, Heads of Department and Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias; and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

## Authenticating evidence

### **D. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors. This will include, but not exclusive to:*
  - *Context and control for evidence where possible will be noted on the Assessment Record.*
  - *If the work was conducted during remote education, student's webcam monitored via Google Meet and student's screen monitored using GoGuardian to observe working.*
  - *Comparing candidate performance at home with work completed within the classroom.*
  - *Setting specific timescales for the work to be started and finished, and keeping records of when the work was produced.*
  - *Use of Originality Reports as part of Google Workspace for Education for work submitted electronically.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
